

SPEAKER PROFILE

Emmanuel Mugabi is an Author, Speaker, Mentor & ICT professional with over 15 years' experience in the areas of ICT Governance, Risk, Cybersecurity, Assurance, Data Protection, IT Audit, Privacy, Digital Transformation consulting and Regulatory compliance. Emmanuel has offered advisory services in these areas for many organizations across both public and private sectors.

Emmanuel is an industry thought leader who delivers insightful keynote presentations and also frequently shares his knowledge on stage as a panelist. His talks engage audiences on what matters the most. As a speaker, Emmanuel brings unique perspectives gained from his wide range of experience to your organization, empowering you to succeed with digital transformation. He has been invited to speak to many organizations, conferences, workshops and webinars as an industry expert.

Emmanuel is an author and has co-authored a book under the 'Transformation Diary' initiative. The deep insight and guidance offered in this book is highly relevant to any leader at the helm of driving digital transformation for their organization. The book brings to light the issues that many a time, leaders do not prepare for! The authors address relevant core aspects of digital transformation that can only come by experience. Business and technology leaders will learn

which issues to avoid and best practices to adopt as they navigate paths for leading digital transformation for their organizations.

He holds a Master of Science Degree in ICT Management, Policy & Architectural Design and the following credentials: Certified Data Privacy Solutions Engineer (CDPSE), Certified Information Security Manager (CISM), Certified, Information Systems Auditor (CISA), ISO/IEC 27001 Senior Lead Implementer, COBIT & ITIL.
